LINK ASSESSMENT SURVEY

This survey will enable us to determine the best wireless platform for you. Simply print off, fill in the spaces and fax or email it back to us (*the fax number and email is above*) – then leave the rest to us. We'll give you call straightaway with our recommendations

Tell us about your requirement.

1. Are the two points you are trying to connect within direct line of sight? Yes No

2. Is the line of sight free of potential obstruction by?

- People
- Vehicles
- Vegetation

Yes No

Other

3. Address for site A: *(Please give as much detail as possible)*

Address for site B: *(Please give as much detail as possible)*

4. Bandwidth (network speed) required e.g. 100Mbits per second

5. What is your application for the link?
